

PGC Plans for New Premises and Charitable Status Gained (March 2013)

Perth Gymnastics Club have announced plans for a new gym in the city. This could prove invaluable as it would allow the club to expand the amount of gymnast spaces, as their own gym would be available to use every day of the week. No plans have been finalised but keep a look out in the local press and the club's own Facebook and Twitter pages for further information. In addition the club is making use of the brilliant new facilities at the McTaggart Gymnastics Centre in Dundee two days a week.

In another piece of great news, Perth Gymnastics Club is now a Scottish Charitable Incorporated Company, registration No. SCO43869. By gaining charitable status, this will allow us to maximise our funds mainly by the use of the gift aid process. It will also mean that sponsored events can be online.

Finally, you can come and see the gymnasts and parents on Saturday 13th April 2013 at Asda, Dunkeld Road, Perth as they help out with a bag pack to raise funds for the club.
